Features that solve problems

Associations create change. Novi AMS® amplifies it.

Here are just a few of our integrations that will help you work smarter web scribble

Constant Contact

🗢 Unlimited Growth

All Novi AMS licenses include **unlimited**:

Member Records Admin Users eCommerce Products Groups Custom Reports News Articles Transactions Events Contact Records Custom Fields

Repriority Support

Individualized Training US-based Support In-app Live Messaging

Branded Website

Responsive Design Front-end Editing Dynamic Content As a small association, limited in staff, resources, and revenue, we are still expected to provide the same level of services and support that larger associations offer. Novi allows us to make the most of the administrative time so that we can get back to the real business of managing and growing our association. Additionally, due to the ease of use and intuitive features, the learning curve with Novi has been minimal. We are in love!

Concierge Onboarding & Data Import

With your direction and assistance, our data import experts will import your members, events, and event attendees from your old system.

Website Styling & Migration

The Novi AMS content team will assess your current website and work with your team to ensure that your home page content, website navigation, events, news articles, and other pages meet the needs of your members. The goal is to deliver a presentation-ready website that tells your organizations story and fosters member engagement.
